Additional Baccalaureate Degree

An additional Bethel University Baccalaureate Degree may be awarded, upon request, when a student has met all requirements of the additional degree and earned, in residence, a minimum of twenty-seven (27) unduplicated Semester Credits from the department in which the additional degree is earned. Unduplicated semester credits are those that are not used to meet the requirements of any other Bethel University Baccalaureate Degree. Transfer students who hold a Baccalaureate Degree from another institution may earn a Bethel University Baccalaureate Degree if they meet all the requirements of the degree program including the general education requirement and the residency requirements.

Commencement Ceremony Participation

Students who have not completed all required courses for graduation may participate in the commencement ceremony provided they have no more than a total of seven (7) credits remaining. For May commencement,

students must plan to complete their courses by the end of the Fall term of the next academic year. For December commencement, courses must be completed by the end of the Spring term of the same academic year.

Policies regarding residency requirements, as well as any departmental residency requirements, apply.

Double Majors or Minors

The overlapping of requirements in any combination of majors or minors chosen by a student is permitted as long as the student meets the requirements listed for each major and/or minor. All completed programs should be indicated on the transcript, regardless of overlapping course requirements and without the addition of extra required hours. The senior seminar in both majors is required of students unless the student gets written approval from one of the departments to waive that seminar. Students should have an official advisor in one of the two majors, but they should regularly check with an advisor in the second major to make sure that they are on track with that second major.

General Requirements for a Baccalaureate Degree

In order for multiple majors and minors to be considered as one degree program, they must be taken simultaneously and completed within one academic year of each other. Bethel University will award a student's degree when a student's degree program requirements have been completed, whether or not the student applies to graduate. Students maintain eligibility for financial aid while completing their degree program provided that their total credits do not exceed 150% of the credits required for their degree program. Exceptions will be reviewed on a case-by-case basis.
