

MUSIC AND PERFORMING ARTS

The Department of Music and Performing Arts (<https://www.bethel.edu/undergrad/academics/music/>) offers three degree programs for music majors:

1. Bachelor of Music in Applied Performance—a professional degree designed for students with strong performance skills who wish to become professional musicians, college and university teachers, or private studio teachers.
2. Bachelor of Arts in Music—a degree designed for students who want to develop their musical skills within a liberal arts program with enough flexibility to pursue additional studies in other fields of interest, such as biblical studies, business, psychology, etc.
3. Bachelor of Music Education—a professional degree designed for students who wish to become fully qualified elementary or secondary school music teachers. Students may elect certification in instrumental K-12 or vocal K-12. Bethel's music education degree fulfills the Minnesota certification requirements.

Students majoring in fields outside of music may choose elective courses in music, take private lessons, and participate in performance organizations.

Transfer students must demonstrate acceptable proficiency levels in music theory, music history, and applied music before admittance to the major program. Credits used toward the major are evaluated on an individual basis by the department.

Music Proficiencies

- **Applied Proficiencies.** All students majoring in music must meet competency performance standards as specified by the department. The levels of proficiency are determined by the student's degree program. Applied performance majors must fulfill Level IV; music education majors and B.A. majors must fulfill Level III. Applied proficiency levels are determined by area of study (voice, keyboard, instrumental, and strings) and approved by the specific Area Directors.
- **Piano Proficiency.** Expectations and standards are covered in MUS 105 *Keyboard Skills I*. At the conclusion of MUS 204 *Keyboard Skills II*, students will be required to take the piano proficiency exam. A failing grade on the piano proficiency exam will result in students being required to take private piano lessons. The Director of Keyboard Activities tracks individual progress through the piano proficiency.

Additional Requirements

- **Entrance Audition.** Passing the Ensemble Audition and acceptance into an auditioned ensemble signifies initial entry into the Music Program. The auditioned ensembles are any MUP and MUE ensembles.
- **Music Juries.** Music majors and minors taking private lessons must perform on their applied instruments before the music faculty at music juries. The music jury is waived during the semester in which a recital is given or the sophomore interview is held. A music minor is required to perform a music jury for a minimum of four semesters. The music jury can constitute for the 12th lesson for music majors and minors.
- **Recital and Concert Attendance.** Music majors are required to attend 32 on-campus concerts/recitals/Music Hours or approved professional off-campus concerts during each academic year. Expectations are detailed in the MUS 195 Music Hour syllabus. Music minors are required to attend 64 concerts over a four-year period. Concerts that meet this requirement include faculty recitals, student recitals, Music Hour performances, and approved professional off-campus concerts.
- **Sophomore Interview.** Formal acceptance into a degree program takes place during the second year of study. Music Education majors must apply during the fall of the second year. B.A. and

Applied Performance majors apply in the spring of the second year. Students who do not pass their sophomore Interview are not allowed to take any further music courses but may still continue in lessons and ensembles if they choose. Details and procedures of the sophomore Interview process are available in the Music and Performing Arts Office [hyperlink underline is incomplete].

Media and Performing Arts

The minor in Performing Arts supports students who want to pursue performing arts, students who want to incorporate vital theatre skills into their professional and personal lives, and students who want to shine their light and share their gifts by creatively telling important stories. Skills such as creativity, communication, empathy, collaboration, and artistry are developed in theatre classes and productions. These skills are important in a wide range of professions and vital in developing healthy relationships. Incarnation and story are at the heart of Performing Arts and Christian faith. Bringing meaningful stories to life in our productions builds community and enriches both those who create our shows, and those who attend them.
