

# DOUBLE MAJORS

---

The overlapping of requirements in a combination of majors chosen by a student and allowed in the academic catalog is permitted as long as the student meets the requirements listed for each major. All completed programs (i.e. Bachelor of Arts, Bachelor of Science, or Bachelor of Science in Nursing) will be indicated on the transcript, regardless of overlapping course requirements and without the addition of extra required hours. The capstone in both majors is required of students unless the student gets written approval from one of the departments to waive that requirement. Students must have a student success advisor in one of the two majors, who will be responsible for the student's academic plan and will regularly check with a student success advisor in the second major to make sure they are on track with that second major.
