An instructor has the option of affixing a minus to the grade of *A*, a plus or a minus to the grades of *B* and *C*, and a plus to the grade of *D*. A plus increases the number of grade points awarded by 0.3, and a minus decreases the number of grade points awarded by 0.3.

All grades are considered final and are not subject to change except for errors in calculation, or as a result of a successful academic petition. Students should contact their student success advisor about submitting a petition, if desired. The grade of *I* or *IN* is resolved to a grade when work is completed or the incomplete extension deadline has been reached (see: Grade of *I* or *IN*).

GPA Calculations

The GPA is determined by dividing the number of grade points by the number of credits the student has attempted in A-F letter-graded courses at Bethel. When a course is repeated, only the last attempt is used in computing the GPA. The exception is when a course is designated as repeatable, in which case it can be taken for a grade for a prescribed number of times, with each occurrence factoring into the GPA

Cumulative GPA

Coursework included in the cumulative GPA calculation meet all of the following criteria:

Grading System 2

- · Completed.
- · Given a letter grade of A-F.
- · Taken in the term being evaluated for academic standing.
- Taken at the level of the student's degree/credential of pursuit at that time (undergraduate, masters, doctoral).

Coursework not included in the cumulative GPA calculation are:

- Non-A-F letter graded courses. These courses are graded as: AU, CR, I (Incomplete for A-F letter graded courses), IN (Incomplete for S/U courses), IP, N, NR, P/F (pass/fail), S/U, W and WZ.
- Courses taken at a level other than the student's degree/credential of pursuit at that time (undergraduate, masters, doctoral).
