

GRADUATION REQUIREMENTS AND COURSE PROGRAM OF STUDY

For the associate's degree, a student's program of study includes the graduation requirements for an associate's degree.

For the bachelor's degree, a student's program of study includes the graduation requirements for a bachelor's degree (listed below) as well as additional majors, minors, endorsements, and certificates declared by the student.

Students are required to meet the graduation requirements of the printed version (or *.pdf version) of the catalog that is published for the academic year in which they enter Bethel. If new majors or minors are added to the curriculum after the publication of the printed version of the catalog, currently enrolled students may choose to enroll in a newly added major or minor. They must meet the requirements of that major or minor as it is first published.

Each student is assigned an academic advisor to assist with academic and career planning. Students may also work with the Office of Career Development and Calling (<https://www.bethel.edu/career-development/>) to explore career options. Students are responsible to ensure that they have fulfilled graduation requirements and should use their degree evaluation to do so.

Course Program of Study (CPoS)

Course Program of Study (CPoS) refers to the federal regulation that mandates that financial aid can be awarded only to coursework that fulfills requirements in students document degree plans; for example, the requirements of the General Education program, a major, a minor, an endorsement, etc. Because 122 credits need to be earned for an undergraduate bachelor's degree, elective courses needed to reach a total of 122 may also count.

For more information on CPoS and financial aid eligibility, please see <https://www.bethel.edu/undergrad/financial-aid/eligibility/cpos> (<https://www.bethel.edu/undergrad/financial-aid/eligibility/cpos/>)

Appealing CPoS Ineligibility

If you believe that coursework not considered eligible for financial aid should be accepted, you may appeal that decision by completing the form found on the Registrar's Office webpage (<https://www.bethel.edu/registrar/forms/>).

Majors

All students choose a major from an academic department or multidisciplinary program. They may also choose to develop an individualized major designed to meet their needs and interests. Majors at Bethel range between 30-93 semester credit hours. It is possible to complete a second or third major by using elective credits or increasing the total number of credits taken. At least half of the credits used to meet the requirements of a major must be taken at Bethel. A 2.25 GPA in the major is required unless otherwise noted in the Academic Programs section of this catalog.

Double Majors

The overlapping of requirements **in any combination** of majors chosen by a student is permitted as long as the student meets the requirements listed for each major. All completed programs [e.g., Bachelor of Arts (B.A.), Bachelor of Science (B.S.), Bachelor of Music (B.Mus.), Bachelor of Music Education (B.Mus.Ed.), Bachelor of Fine Arts (B.F.A.)] will be indicated on the transcript, regardless of overlapping course requirements and without the addition of extra required hours. The senior seminar in both majors is required of students unless the student receives written approval from one of the

Graduation Requirements and Course Program of Study 2

departments to waive that seminar. Students should have an official advisor in one of the two majors, but they should regularly check with an advisor in the second major to make sure they are on track with their second major.

Minors

Though not required, many students choose to complete one or more minors in order to pursue areas of interest or to complement their major. Students may choose from the minors in this catalog and may not create an individualized minor. Minors range between 18-24 semester credit hours. Students may choose to take additional credits toward the minor or use their elective credits. Students may not earn a minor in a program in which they will earn or have earned a major except where specifically noted in the Academic Program section of this catalog. At least nine (9) credits of any minor must be completed at Bethel.

Program Overlap Policy

Students may not earn a minor that has the identical name as their major. Some minors and secondary majors are not allowed with particular majors. Consult the major/minor requirements listed in this catalog for further information.

Endorsements

Though not required, students may choose to complete one or more endorsements in order to pursue areas of interest, or to complement their major. Students may choose from the endorsements in this catalog and may not create an individualized endorsement. Endorsements range between 6-17 semester credit hours. Endorsements may have additional non-credit requirements. Students may choose to take additional credits toward the endorsement or use their elective credits. Upon completion of a degree, an endorsement is listed as a comment on the academic transcript.

Certificates

Though not required, students may choose to complete a certificate in order to pursue a specific area of interest or to complement their major. Students may choose from the certificates in this catalog and may not create an individualized certificate. Certificates range between 18-34 semester credit hours. Certificates may have additional non-credit requirements. Students may choose to take additional credits toward the certificate or use their elective credits. Upon completion of a degree, a certificate is listed as a comment on the academic transcript.

1. A cumulative overall grade point average (GPA) of 2.00. The cumulative GPA includes only courses taken at Bethel.
2. A 2.25 GPA in one's major, unless otherwise noted. The major GPA includes all courses required in the major and all electives taken for the major at Bethel.
3. A minimum of 122 semester credit hours.
4. The following must be taken in programs that meet Bethel residency requirements or at Bethel (see Office of the Registrar (<https://www.bethel.edu/registrar/>) or Office of International and Off-Campus Programs (<https://www.bethel.edu/off-campus-programs/>)):

 - *Speaking*: One upper-division course is designated in each major, in addition to required speaking assignments in the GES 160 *Inquiry Seminar* course, the Humanities Program, and Contemporary Christian Issues (P) courses.
 - *Computing*: As Bethel faculty increase the applications of computing to regular courses in each major, student knowledge of basic uses in their fields will be required. Students are encouraged to bring their laptops with them to campus.
11. In order for multiple majors and minors to be considered as one degree program, they must be taken simultaneously and completed within one academic year of each other. Bethel University will award a student's degree when a student's degree program requirements have been completed, whether or not the student applies to graduate. Students typically maintain eligibility for financial aid while completing their degree program provided that their total credits do not exceed 150% of the credits required for their degree program. Exceptions will be reviewed on a case-by-case basis.

Unduplicated semester credits are those that are not used to meet the requirements of any other Bethel University Baccalaureate Degree. Transfer students who hold a Baccalaureate Degree from another institution may earn a Bethel University Baccalaureate Degree if they meet all the requirements of the degree program including the general education requirement and the residency requirements.

Commencement Ceremony Participation
