## **Thesis**

Master's level students may opt to complete a thesis as a free elective option within their degree program. The student is responsible to find an instructor who is willing to work with them throughout the process to completion of the thesis. A thesis is completed once a student satisfactorily finishes the 2 credit Thesis Proposal course and a 4 credit Thesis Writing course. If the student does not complete their Thesis Writing course within the term allotted, they must complete the requirements as described in the Extensions for Thesis/Capstone/Dissertation Courses policy.
