## RESIDENCE HALLS

Living in the residence halls at Bethel University is an integral part of students' educational experience. The intent of living among peers and in the residence halls is to help individuals develop their full potential in all areas of life. As students seek to become whole and holy people, Bethel understands learning opportunities do not just happen in the classroom. At Bethel, the residence hall is more than a place to sleep and study; it is a place to connect with people, which is one of the most significant aspects of the college experience. It is in the residences that social, spiritual, physical, emotional, and intellectual life blend together as in no other campus environment. This is also where students put their independent living skills into practice through real-life learning opportunities. BUILD staff partner with Student Life to create a safe and encouraging environment for the students in the BUILD program.

### Residential Support Systems in Place

- **Housing Mentors:** Housing Mentors live near students in BUILD and help develop life skills that transition students to living more independently. This includes self-care, home management (laundry, cleaning, etc.), weekly meal planning and preparation including grocery shopping, and social/community participation. Housing mentors provide encouragement, verbal reminders, modeling and coaching, but do not provide any direct care or personal care assistance, and do not

make decisions for students. Housing Mentors are on-duty weeknights from 7:00 p.m. - 7:00 a.m. and on the weekends from 7:00 p.m. on Friday until 7:00 a.m. Monday.

- **Assistant Residential Supervisor:** The Assistant Residential Supervisors (ARS) are on-duty 20 hours per week between the hours of 4:00-7:00 p.m. ARSs live and work in the residence halls where students in BUILD also live. The ARSs assist the BUILD Residential Supervisors (BRS) and Graduate Assistants (GAs) with housing mentor training, answering the BUILD On-Call phone, events including the Bethel Student Government (BSG) Unified Sports Club, and student follow-up as needed.
- **Residential Supervisors:** The residential supervisors are professional staff who live on campus. There is a residential supervisor on-call weeknights from 4:00 p.m. - 8:00 a.m. Residential supervisors provide oversight for the residential components of the BUILD program including teaching the Independent Living Lab, supervising BUILD housing mentors, and assisting with community and student development as well as conflict management. Students in the BUILD program can reach the residential supervisors at any time during these hours.
- **Graduate Assistants:** BUILD Graduate Assistants (GAs) are graduate student staff who live on campus. There is a GA on-call each weekend from 4:00 p.m. on Friday until 8:00 a.m. Monday. GAs support the residential and social experience through positive and supportive connections with students as well as professional staff team support, project leadership, and administrative duties including coaching BSG Unified Sports Club sports.
- **Resident Assistants:** Resident Assistants (RA) live in the residence halls near students. Their role is to develop relationships with students in order to walk alongside them as they learn about themselves, their relationship with Christ, and the Bethel community. RAs plan social and educational programming, advertise events, facilitate requesting repairs for residence hall rooms, address behavioral issues, and respond to emergencies.
- **BUILD Professional Staff:** The BUILD Office is open from 8:00 a.m.- 4:00 p.m. Monday through Friday on days when classes are held. During these hours professional BUILD staff are available to help answer the on-call phone, answer questions, and navigate situations when students call or visit the BUILD Office to ask for support.

### Residential Life

Roommates are assigned by BUILD and residence life staff for Year One. Following the BUILD program guidelines and following the CAS Student Life residential processes, students self-select roommates for Year Two of the BUILD program. To facilitate parents/guardians talking with students about this important decision, roommate selection will be discussed during PLP meetings prior to spring semester.

Parents/guardians who have comments, questions, or want to share information regarding residential life should contact the BUILD program (651-635-8799 [build-program@bethel.edu](mailto:build-program@bethel.edu)). This allows BUILD staff to communicate the information to the appropriate individuals and follow-up with the parents/guardians. The role of housing mentors, as described in the BUILD Student Mentors section of this handbook, does not include direct communication with parents/guardians.

On occasion a rooming situation may become a barrier to a successful college experience for one or both of the roommates. In these situations, BUILD staff supports students in working through issues to come to a resolution. If the concerns persist, parents/guardians will be notified, and students will have the opportunity to request a room change at the end of the semester in accordance with Student Life residential processes. In the event of a medical need for an individual room or other housing accommodation, students may work with the Office of Accessibility Resources and Services to request the needed accommodations at any time and do not need to wait until the end of the semester.

When students' behavior rises to the level of concerns resulting in a written warning, behavioral agreement, or notice of behavioral probation, parents/guardians are notified by the student.

Students are encouraged by BUILD staff and student mentors to make healthy living choices. Encouragement from family members is also helpful as students transition to making daily living decisions independently.

Students are encouraged to engage in Bethel Activities, Recreational Sports, Club Sports, and NCAA sports. Interests should be discussed during a PLP meeting and students can work with BUILD staff for support in getting connected to activities of interest. See the Bethel Events, Recreational and Club Sports, and NCAA Athletic Teams sections for more details. Managing medications and prescriptions is a critical part of learning to be independent.
